Technical data sheet

Rung support plate for the maintenance of electrical function FT Item number: 6223036

Rung support plates to increase the support surface for the cables in the fittings for routing types with cable ladders for the maintenance of electrical function to DIN 4102 Part 12. Use the rung support plates to ensure the largest possible support surface in the cable ladder fittings for the function maintenance cables in case of fire. The rung support plates are just laid loosely on the rungs of the cable ladder fittings. The lugs pointing down prevent slippage. For cable ladder width 300 mm.

FT

Hot-dip galvanised
